Boil Water Rescind Notice

On 2-17-2021, the Texas Commission on Environmental Quality (TCEQ) required our public water system, Cypress Cove Water Supply Corporation, PWS ID 0460024 to issue a Boil Water Notice (BWN) to inform our customers that due to sporadic power outages resulting in water outages and low pressure throughout the water system, water from our system must be boiled prior to consumption.

Our system has taken the necessary corrective actions to restore adequate pressure, disinfectant levels, and/or bacteriological quality and has provided TCEQ with testing results that indicate that the water no longer requires boiling as of 2/25/2021.

We are very sorry for any inconvenience incurred during this time.

Our water is safe to consume!
